

DEFENSE RESTS IN THE BRADLEY TRIAL

All Testimony is In and Argument to the Jury Will Be Started at Saturday Session.

EXPERTS DECLARE MRS. BRADLEY SANE

Washington, Nov. 29.—The defense rested at 2:15 this afternoon in the trial of Anna M. Bradley for the murder of ex-United States Senator Arthur Brown, of Utah, in this city last December.

Justice Stafford announced that the case would go to the jury next Monday. Arguments will be begun tomorrow.

Court adjourned at 2:35 until 10 o'clock tomorrow morning.

The two government experts took the stand today in rebuttal of testimony purporting to be the defense to prove that Mrs. Bradley was insane when she killed Brown.

They were Edward M. Bush, of Baltimore, and Dr. Smith Ely Jelliffe, of New York.

They both have been attending the trial during the last ten days, and have observed the defendant in court daily. Dr. Bush gave positive testimony to the effect that Mrs. Bradley was sane when she shot Senator Brown.

He said he could find nothing in her family history, her acts or her physical or mental condition to suggest that she was insane at that time. The morning session of court was over before Dr. Jelliffe gave his opinion of the mental condition of the defendant.

Rev. Dr. David H. Utter, Mrs. Bradley's pastor, testified concerning conversations he had with the defendant in Salt Lake, when she told him that Senator Brown would marry her if he faced a pistol, but she did not say she would shoot him; she spoke as if some one else would force him to marry her.

TRIAL NEARS THE END.

Testimony Likely to Be Completed Before Today's Adjournment.

Washington, Nov. 29.—The prosecution today continued its onslaught of rebuttal testimony in the case of Mrs. Annie Bradley for the shooting of the death of former United States Senator Arthur M. Brown.

Not only the government witnesses, Drs. Jelliffe and Bush, but two new witnesses were called today, and by whom it was expected to show entirely different conclusion as to the cause and effect of toxic poisoning.

Hope to End Testimony Today.

At the close of the day it is the belief that the testimony will all be in. There is a bare possibility that a session of the court will be held tomorrow although this would be somewhat unusual.

When Mrs. Bradley came into court she looked about curiously, appearing to take especial interest in noting the large number of women present. Formerly she has entered the room with downcast eyes and made her way to the chair reserved for her without noticing anyone. Before the trial was begun little Arthur Brown, Mrs. Bradley's son, was brought to the court house to see his mother.

Upon the opening of court District Attorney Baker submitted the prayers of the prosecution to the court, saying they did not cover the points of murder in first or second degree and that he would prefer leaving the matter to be covered by the judge in his instructions to the jury. The prayers of the defense will be submitted later.

What the Government Asks.

The government's prayers are as follows:

1. "The jury are instructed that a sane person has no right to kill another, no matter how much he may have been wronged by another, no matter how much reason the person doing the killing may have for hating and despising that person, no matter how wild may be the anger and passion under which that person may be laboring. The law does not recognize the theory that any person may have an irresistible impulse to do such an act as that unless the impulse is the product of a diseased mind.

"The jury are further instructed that none of the evidence offered tending to show that the treatment of this defendant by Arthur Brown can be considered by them to justify, excuse or palliate her act.

2. "The jury are instructed as a matter of law, that insanity as an excuse for a criminal act is a disease of that organ of the human body wherein reside the faculties of intellect and of volition, the brain, and that a morbid state of the affections or passions, or an unsuiting of the moral system, or mental faculties remaining meanwhile in a normal condition is not such a form of insanity that the law recognizes as a valid excuse for a committed act.

Presumptively Sane.

3. "The jury are instructed, as a matter of law, that if they find from the evidence, beyond a reasonable doubt, that up to the time of committing the crime charged in the indictment, the defendant was sane, and

CHURCH FOUNDERS TALK OF OLDEN TIMES AT BANQUET

Pioneer Members of St. Peter's Congregation Enjoy a Feast.

Surviving members of the company of devoted men who assisted in the organization of St. Peter's Catholic church in this city thirty-six years ago, together with other of the older members of the congregation sat about the banquet table in St. Mary's school hall Thursday evening, enjoyed a banquet and chatted reminiscently of the olden days.

The occasion was a most pleasant one. Rev. Father Charles Thiele, pastor of the church, officiated as toastmaster, and the principal address of the evening was delivered by Peter J. Mettler, of Toledo, supreme priest of the Catholic Knights of Ohio. His talk was most entertaining, the speaker dwelling largely upon the early days of St. Peter's congregation, which was organized in 1871. Other guests present included Anton Wacker, Matthias Kramer, Joseph Parlsot, Philip Graf, Peter Harnischfeger, John H. Franke, Conrad Tremel, John Tremel, Joseph N. Stein, Lucas Otten, Daniel Klotz, Bernard Roth, Peter Noll, John Rehling, Carl Bindel, Bernard Hibler, John Wessel and Conrad Becker. In addition to John Klingenberger, Philip Wyss and Michael Kinder, the present trustees of the congregation.

The net proceeds of the fall festival just given by St. Peter's church will be about \$1,600.

SENTINEL STAFF OF NEWSBOYS HAS ORGANIZED

Energetic Lads Unite in Association for Mutual Benefit.

The Sentinel Newsboys' association was successfully organized at an enthusiastic meeting held on Thanksgiving day at the rooms of the Miami Athletic club, and more than seventy of the energetic young newsboys and carriers who handle The Sentinel participated in the launching of the new organization. Officers elected were as follows:

President—Sidney L. O'Connor.
Vice President—J. Brophy.
Secretary—R. F. Corcoran.
Treasurer—R. H. Zook.
Executive Committee—H. Neff, Jacob Maier, P. Harper, T. Johnson, W. Barnett, Edward Maier, J. Brophy.

The meeting was called to order at 8:30 o'clock by Sidney L. O'Connor, circulation manager of The Sentinel, to whom is due the credit for having conceived and brought to a successful fruition the plans of the organization. The opening musical number, "Under the Old Cherry Tree," was sung with fervor by the lusty-junged youngsters.

Following came the reading of the constitution and by-laws of the association, which were adopted by vote, and next came the nomination and election of officers amid all the excitement and enthusiasm of a miniature political campaign. The chairman spoke briefly, explaining in detail the most important points in the constitution, and his remarks were endorsed by a vociferous demonstration from the newsboys.

Immediately following the election a flashlight picture was taken, and the business meeting adjourned with cheers for the new organization and all who had contributed in any way to the success of the meeting. Among those mentioned in this connection were the presiding officers, Prof. C. B. Harper, of the Miami Athletic club; Mr. Davis, of the Fort Wayne Phonograph company, and Frank Shreeve, of the Best Photo Supply company, who took the flashlight picture.

Boys Enjoy Athletics.

Then began the athletic tournament in which all participated. There was a running high jump in which many of the boys did better than four feet. Several boxing bouts were pulled off in which the honors were about even. A three-inning game of indoor baseball resulted in a victory for the newsboys over the carriers by a score of 6 to 4.

Two hotly contested games of basketball were played, the carriers winning the first and the newsboys the second game.

After the games were concluded the boys were treated to a light lunch, after which the boys dispersed, some to their homes and others to carry their routes.

The meeting was a huge success and much good should result from it. Parents who have boys that sell papers should look into the objects of the organization, as there are many excellent features that recommend it. There are many similar organizations in different cities over the United States, many of them numbering their members, active and retired, by thousands. The most conspicuous association of this kind in the United States is the National Newsboys' association, of Toledo, O., organized ten years ago with over 5,000 members. To show what an organization of this kind can accomplish it is only necessary to call attention to the fact that they are now building a splendid home for the newsboys of Toledo.

RIOTS FORCE BLUE COATS TO STOP GAMES

Gridiron Struggles in New York Real Battles and Police Use Clubs.

New York, Nov. 29.—Two football games were played simultaneously on LaGuardia oval in Williamsburg yesterday and both were stopped by the police after six players had been badly hurt. Two of the teams belonged to societies connected with the Roman Catholic church of St. Cecilia, and the other two were made up of Williamsburg young men. The church society teams indulged in such rough play that their partisans who were watching the game rushed on the field and took a hand, causing a riot. The police were forced to use their clubs freely before the trouble could be subdued. Scarcely was this battle over when another started on the adjoining field and again the police dispersed the crowd with their clubs. All of those injured will recover.

MUCH INTEREST IN FIGHT.

Burns is Favorite in Betting on Match With English "Gunner" Moir.

London, Nov. 29.—The big fight for the heavyweight championship of the world between Tommy Burns, American, and "Gunner" Jim Moir, of England, scheduled for December 2 is exciting the liveliest interest here and high prices are being offered for seats. The betting this afternoon was five to four on Burns, who expects to enter the ring weighing between 168 and 175 pounds. Moir will weigh in at about 155 pounds.

CITIZENS' TRUST IN HANDSOME HOME CALLED IN TRIAL

Invites Public to Inspect Its Beautifully Remodeled Quarters.

When the Citizens' Trust company opens its doors for tomorrow's business it will do so back in its own home, at Berry and Clinton streets, which has been extensively remodeled and handsomely beautified until the company's officials take a pardonable pride in declaring it beyond all question the handsomest banking house of its size in northern Indiana. It extends an invitation to the general public to call tomorrow and inspect its new quarters, the doors of which will be open tomorrow from 8 o'clock a. m. to 10 o'clock p. m., in order that all who wish to see the handsome rooms and equipment may do so.

The work of moving from the White National bank building, which has been occupied as temporary quarters during the progress of the work upon the Citizens' Trust building will be completed this evening, and officials are rushing preparations to receive visitors in the company's headquarters tomorrow. Secretary E. W. Cook said today that the company hoped to have the pleasure of greeting many hundreds of guests on the opening day, and a glance will sustain his declaration that the remodeled quarters are amply worth seeing.

The transformation from the appearance of the old rooms of the trust company is complete. Beginning with the massive stone front which was placed in the building and extending down through the smallest detail of interior equipment of the rooms there is manifest substantial richness and elegance, that at the same time is in perfect taste and with an entire absence of mere gaudy show. Walls and ceilings are tastefully decorated in delicate shades with trimming of ivory and gold. The furniture is of solid mahogany, and wainscoting and counter fronts are of marble, the upper portions of the latter being of mahogany and brass. Ceramic tile floor is laid in the lobby, while cork matting covers the floor used by the office force.

In the front of the room are located the desks of the president and the secretary, separated from the lobby only by a railing, and in the rear is a handsomely appointed directors' room. Windows at the long counter are provided for the cashier, the savings department, the information bureau and other divisions of the trust company business. The working portions of the room are most conveniently arranged to facilitate the handling of the company's business, and as a whole the new banking rooms are so charming in appearance that one will be amply repaid for a visit to them.

JAPAN HARBORS NO FEELING SAYS TRAVELER

The Anti-Jap Outbreaks in America Have Caused Very Little Anger.

San Francisco, Cal., Nov. 29.—Returning to his home in London, Ontario, Canada, from China and Japan, Charles Smith Hyman, Canadian minister of public works, arrived in this city yesterday on the Pacific Mail Steamship company's steamer Korea. He said that Japan had no hard feelings against the Canadians for their treatment of the Japanese at Vancouver a few months ago.

"I heard very few expressions of hostility against either Canada or the United States," he said. "Some of the newspapers printed rather inflammatory articles, but the masses of the people did not seem to attach any seriousness to the various race outbreaks."

He was inclined to think that Lemieux's mission was largely an experimental one, the Canadian government having no definite idea of what it was prepared to grant and what it would accede to.

CHICAGO BREWERIES BURN.

Chicago, Ill., Nov. 29.—The Tosatti Brewing company and the Mullin Brewing company each suffered a loss estimated at \$200 in a fire that destroyed the malt houses of both plants yesterday afternoon. The establishments are located within a block of each other at Fortieth and Butler and Fortieth and Wallace streets. The fire is thought to have originated in the Mullin plant from a spark from a passing locomotive and was contained by the Tosatti establishment through the lighting of gas which escaped from storage tanks in the latter's malt house.

ABE HUMMEL ILL.

New York, Nov. 29.—Abraham Hummel, formerly a well-known lawyer in the criminal and district courts here, is seriously ill on Blackwell's Island, New York city prison, to which he was sentenced to serve a years imprisonment recently after his conviction on charges of conspiracy in connection with the Dodge-Morris divorce proceedings, a case which attracted much attention at the time. Hummel, a prison authority says, is suffering from kidney trouble and a weak heart, but a report which gained currency that he was dying was denied.

Miss Helen Stockman, of the Packard music house, went to Monroeville Wednesday evening, where she played at a private dance given by Mr. Niezer to some of his friends.

BOND EXPERTS ARE CALLED IN TRIAL

Common Methods of Valuing Bonds Not of Sort the Banker Pursued.

Chicago, Nov. 29.—Expert testimony intended to show the methods employed by bond brokers to determine bond values was introduced in the trial of John R. Walsh in the federal district court here today. A. W. Harris, vice president of the N. W. Harris & Co. and of the Harris Trust and Savings bank, bankers and brokers, was a witness. One of the charges brought by the prosecution is that Walsh in building up his railroads and other properties issued bonds to the extent of millions of dollars when the corporations were earning little or nothing, and that the bonds were either sold to the Chicago National bank or were used as securities for the memorandum notes by means of which Walsh's alleged diversions of funds are said to have been accomplished.

How Values Are Determined.

Witness testified that it was customary for the bond dealers to send experts to determine the earning power of the property upon which the bonds were issued. They would insist, he said, that the stockholders should have money in the enterprise under investigation, but the earning power would play the chief part in fixing the value of the bonds.

"If the bonds were in demand," he said, "they would be rated on the same basis as bonds of other corporations. If not in demand their value would be fixed by comparing them with other similar bonds not in demand."

The earning power for a period of at least six months, the witness said, was essential to a determination of the value of the bonds of any corporation.

Had Issued \$5,000,000 Bonds.

According to evidence previously presented, the bankrupt Evansville and Richmond railway was purchased by Walsh for \$175,000. The prosecution charged that the road was purchased with funds of the Chicago National bank and that on the property, when renamed the Southern Indiana railway, \$6,000,000 of bonds were issued by Walsh, \$4,000,000 being first and \$2,000,000 second mortgage bonds.

B. B. Mackay, formerly a private bookkeeper in the employ of Walsh, admitted that misstatements occurred in reports made to the Chicago Clearing House association and to the comptroller of the currency, purporting to show the condition of the Chicago National bank prior to its failure. The statements, he said, were made by him at the instance of Walsh.

TROLLEY CAR RUNS IN FRONT OF TRAIN

Five Killed at Waterbury, Conn.—Conductor Was Remiss in Duty.

Waterbury, Conn., Nov. 29.—Five factory employes were killed today at the West Main street crossing over the Highland division tracks of the New York, New Haven and Hartford railroad, when an extra Hartford-bound freight train crashed into a trolley car containing twenty-five persons bound for the tin factories in Oakville. The car was struck with great force directly in the middle and all the passengers killed were badly mangled. Six others were badly injured and had to be carried to their homes.

Flagman John Flavin and Conductor John Dillon, of the trolley car, were arrested. The motorman of the car, Charles Leonard, was not held.

It is stated that the wrecked trolley car was following closely behind another car, which had passed safely over the crossing.

Conductor Was Careless.

It is customary to drop the gates at the railroad crossing on the approach of a train, but in this instance the gates were up. The flagman, it is alleged, waved his flag, showing a clear track. According to the rules of the Connecticut company, which operates the trolley cars here, a conductor of a car must run ahead of his car as far as the tracks and ascertain whether or not a train is approaching. This, it is stated, was not done in this case.

There was absolutely no chance for the engineer of the train to stop his train in time to prevent the accident. Although he applied the brakes the engine crashed into the trolley car, smashing it to splinters and throwing the occupants in all directions.

Many of those injured were carried to nearby stores, while some who were unable to walk were laid along side of the tracks until carriages and ambulances took them to their homes. The bodies of known dead were cared for by relatives.

MILLIONAIRE FOUND DEAD.

Omaha, Neb., Nov. 29.—George F. Porter, millionaire attorney and theater man of Minneapolis, was found dead in his room at the Paxton hotel today. Heart trouble is asserted as the cause.

CZAR'S AUTOCRACY MUST BE ADMITTED

Premier Stolypin Reads Riot Act to Douma and Tells It What Kind of Popular Government Goes.

MUST TAKE ITS CUES FROM ADMINISTRATION

St. Petersburg, Nov. 29.—The declaration of the government read by Premier Stolypin before the duma today was received with dismay by the Octoberists and the constitutional democrats and with open discussion by members of the right party.

The keynote of the address was reiteration of the idea of the autocratic power of the emperor as the sole guarantee of security and welfare in an era of disorder. The announcement also was made that the duma is expected to take its cue from the administration in the matter of legislation, and the premier outlined what future legislation was expected. He excoriated the radical parties as fomenters of crime and sedition and said their excesses would no longer be tolerated in Russia. This statement is taken to show that the administration looks with disfavor upon any alliance between the Octoberists and the constitutional democrats.

Premier Stolypin said any weakness in handling this situation would be a crime and the government in the future, as in the past, would continue to crush disorders with an iron hand and insist upon loyal service from all state officials. The personal political opinions of these officials, the speaker declared, would not be allowed to interfere with the government's course.

POLICE PREVENT PANIC IN CROWD AT THEATER

Cry of Fire Stampedes an Audience and Dire Peril Was Imminent.

Gloucester, N. J., Nov. 29.—The presence of mind and bravery of four policemen prevented a panic and possible injury to a number of people here last night. The auditorium of the city hall was crowded to the doors to see a moving picture show. Suddenly in the middle of the show there was a flash from the picture machine, someone cried "Fire" and there was an immediate rush for the doors. The policemen who were in the hall shoved the people back into their seats and by great effort calmed them. Lights were turned on, the audience was assured there was no danger and in a few minutes the show was continued.

DISTRICT MEETING WILL BE HELD IN FORT WAYNE

Democratic State Committee Takes Steps for Reorganization.

Indianapolis, Nov. 29.—The democratic state committee met here today, the first called meeting for some time. Nothing was done today except to arrange dates for the district meetings and for the next meeting of the committee, which will be January 8.

It was decided to hold the district conventions at the following places: First district, Evansville; Second, Linton; Third, New Albany; Fourth, Seymour; Fifth, Terre Haute; Sixth, Cambridge City; Seventh, Indianapolis; Eighth, Winchester; Ninth, Frankfort; Tenth, Monon; Eleventh, Peru; Twelfth, Fort Wayne; Thirteenth, Plymouth.

The attendance at today's meeting was not as large as was expected, but great cordiality existed.

All the candidates for state chairman were on hand. Adam Reimberger, of New Albany; Gilbert H. Hendren, of Bloomfield; Stokes Jackson, of Greenfield, and James Kirby Risk, of Lafayette, presented their claims for first place on the committee.

O'Brien Not a Candidate.

Chairman O'Brien said he was not a candidate for re-election and would not accept the place again if it was tendered him without an effort on his part to get it he answered:

"Such a thing as that is not probable."

Among the prominent democrats here today are W. H. O'Brien, of Lawrenceburg; Calvin Padgett, of Washington; Zach Siefers, of Salem; Lew Billingham, of Decatur; Adam Reimberger, of New Albany; L. Ert Stack and Judge Dupree, of Franklin; M. E. Foley, of Crawfordville; Cyrus E. Davis, W. L. Slinkard and Gilbert H. Hendren, of Bloomfield; Dr. Sam Quillian, of Linton; Stokes Jackson, of Greenfield, and Ed P. Richardson, of Petersburg.

Will Not Accept Place.

Hope Hospital.

S. F. Bowser has written the directors of Hope Hospital association, stating that it will be impossible for him to accept the presidency of the hospital, which was elected at the annual meeting Monday evening. Mr. Bowser, after expressing his appreciation of the honor implied by his election, explained that the state of his health and the demands of business affairs upon his time will not permit him to give the hospital the attention it must have.

It is expected that a meeting of the directors will be held within a short time to select another man for the presidency.

The suit of Anna Bill, who seeks to recover from the Fort Wayne, Van Wert & Lima Traction company \$5,000, on account of the death of her husband was dismissed in the superior court today. The action was brought after a change of ownership had taken place. Mrs. Bill alleges that by reason of the fact that the company's employees threw a high bank of snow beside its tracks on a public highway a sleigh in which her husband was riding was overturned and he received injuries that eventually caused his death.

GUS JACKSON ON TRIAL UNDER SCREEN LAW INDICTMENT

No Argument Made Against Validity of Bill—The Court News.

August B. Jackson was placed on trial in the circuit court on the charge of placing screens so that a full and unobstructed view of the interior of his saloon at 806 Calhoun street could not have been obtained on Sunday, April 28, and a jury was secured by noon. H. G. Hury and Ray Woodhull, who were working in the interests of the Good Citizenship league, were the two witnesses put on the stand by the state during the afternoon.

A formal motion to quash the indictment on the ground that it does not state a public offense was made and overruled. The defense has summoned a great many of the members of the police force and will attempt to show that the curtains in the front window of the place are always drawn. The jurors sworn to try the case are: Theodore Geller, Martin Goegele, Frank Bobay, August Lanterner, Charles Salzbrener, William Galmeyer, George Koelinger, Charles Garver, Jefferson Tolle, Jona Pelkey, Ernest Kruse and William Kennork.

Case Is Dismissed.

The suit of Anna Bill, who seeks to recover from the Fort Wayne, Van Wert & Lima Traction company \$5,000, on account of the death of her husband was dismissed in the superior court today. The action was brought after a change of ownership had taken place. MET HIS DEATH IN AN ACCIDENT IN THE PHILIPPINES

George Jolly is Killed in Railroad Construction Work.

George Jolly, a former Fort Wayne young man who served as a soldier in Capt. W. F. Ranke's Twenty-eighth Indiana battery during the Spanish-American war, was killed in an accident October 14 in the Philippines, where he was engaged in railroad construction work.

News of the young man's tragic death has just been received by Mrs. Frank Schlebecker, of this city, a sister, but details are meagre. The accident occurred at Holo. Mr. Jolly left Cebu on October 1, having taken a position as foreman of a construction force for J. I. White & Co., who are doing the construction work for the Philippine Railroad company, and the young man met his death while engaged in this work.

Mr. Jolly was born at Marshall, Mich., but he came to Fort Wayne when but a mere boy. At the outbreak of the Spanish-American war he enlisted in the Twenty-eighth Indiana battery and received an honorable discharge when that command was mustered out at Indianapolis, October 31, 1898. He re-enlisted October 28, 1902, in company F, Nineteenth United States Infantry, and served with that regiment three years in the Philippine Islands.

Shortly after his discharge from the army Mr. Jolly was married to Miss Isabelle Anderson, of Cebu, P. I., who survives with one child at their home in Cebu, Cebu. The Fort Wayne relatives include four sisters—Mrs. G. Lindemann, Mrs. Charles Engkeling, Mrs. Fred Thiele and Mrs. Frank Schlebecker.

RHEUMATISM IS NOW EASILY CURED WITH A MIXTURE

Science Says It is a Symptom of Kidneys Which Fail to Sift Out the Acids.

Recent hospital reports show that the dread disease, rheumatism, is steadily increasing throughout the country. All known means of relief are being suggested to save the great amount of suffering this winter, especially among those who are not in a position to pack up and visit the noted health resorts to be treated. Recent tests prove rheumatism not exactly a disease in itself, but a severe symptom of kidney trouble, a condition caused by clogged up pores of the eliminative tissues in the kidneys, which fail to filter the poisonous waste matter and uric acid from the blood, permitting these substances to remain in the veins and decompose, usually settling about the joints and muscles, causing the intense pain, swelling and stiffness of rheumatism.

A well known specialist, who has probably treated more cases of rheumatism than anyone else, and who is also the most successful, gives the following simple treatment, which is harmless and inexpensive, and so simple that anybody can mix it at home.

The ingredients are: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Go to any good prescription pharmacy and get these three vegetable ingredients and mix them by shaking in a bottle, taking as a dose a teaspoonful after each meal and again at bedtime.

There is nothing better in the world for backache, kidney and bladder trouble, too. Such symptoms as frequent and painful urination, soreness, weakness, general and nervous debility are caused by certain acids and poisonous waste matter, decayed tissue, etc., in the blood, which the kidneys will clear and purify after a few doses of this prescription.

MONEY IS SUBSCRIBED TO EXTEND LINE TO BERNE

Decatur Trolley Road to Expand During the Coming Year.

Positive assurance that the Fort Wayne and Springfield trolley line would be extended from Decatur to Berne, a distance of twelve miles southward, during the coming year, was given today by President W. H. Fiedlerjohann, who visited Fort Wayne, and who stated that practically all the additional funds needed to make the extension has already been subscribed.

He declared his belief that the financial flurry now subsiding would have no effect in retarding the extension of the road. "Ours is a farmer's company," said Mr. Fiedlerjohann, "and we are in no wise affected by the conditions of the stock market. Our road is owned almost entirely by substantial citizens in the territory through which it operates and is not dependent upon the money centers for capital." He added that the line between Fort Wayne and Springfield is doing a very satisfactory business. The estimated cost of building the line from Decatur to Berne is \$200,000. Mr. Fiedlerjohann says that none of the interurban roads out of Fort Wayne were built and equipped at a cost under \$30,000 per mile.

Under Auditing Department.

A general order just issued by General Manager C. D. Emmons, of the Fort Wayne and Wabash Valley Traction company, places the agents of the line under the jurisdiction of Auditor Harry E. Vordermark instead of being auxiliary to the superintendent of transportation as heretofore. Agents of the line will make reports to and receive directions from the auditing department of the road hereafter.

RULE OF MONEY OR LABOR EVIL.

Supreme Court Justice Brewer Points Out Danger.

Washington, Nov. 29.—Justice David J. Brewer of the supreme court of the United States, yesterday spoke at the Mount Pleasant Congregational church in this city on "Our National Opportunities."

While he dwelt especially upon the power of Christianity to uplift the masses of the people and of its efficacy in bringing the immigrants who swarm to the United States into harmony with American institutions, he intimated a caution to speak of the influence of special interests upon the welfare of the people generally.

"High and low, rich and poor," he declared, "should be protected. We can never come to the full measure of that truth so long as we permit any group of financiers, any person or corporations, to crush the individual, nor can we allow any labor organization to dictate any course we should follow."

FARMERS INSTITUTE AT POE WAS A GREAT SUCCESS

The Third of Allen County Series Proves Very Instructive.

The third farmers' institute of the series to be held in Allen county this winter met at Poe, Madison township, Wednesday, the 27th inst. The work was opened by an invocation by Rev. H. D. Meads, followed by an address of welcome by A. O. Hadley.

Miss Bertha M. Miller, state speaker, of Franklin college, Ind., was then introduced and spoke on "The Economic Position of Women." Miss Miller proved herself to be a capable instructor and gave the audience much that was both interesting and profitable.

Following Miss Miller's address Prof. W. W. Smith, of Purdue, gave much valuable information on "The Value and Use of Commercial Feeding Stuff." Professor Smith showed the value of the feeds grown on the farm as compared with those feeds purchased from the mills, also the advantage of a balanced ration.

The remainder of the forenoon was taken up in the discussion of "The Care and Handling of Fruit Trees," opened by W. F. DeVilbiss. Much interest was manifested and good information given in the discussion.

A good dinner was served by the Ladies' Helping Hand in the basement of the church.

After noon "The Value and Use of Commercial Feed Stuff" was further discussed by Professor Smith, and a large and appreciative audience received much good instruction.

This was followed by the subject, "Feeding the Family," by Miss Miller, and the ladies in the audience took a lively interest.

At the evening session Rev. Schrock, of Fort Wayne, made a very stirring address on the subject, "Education for the Farm; Its Importance and How to Secure It," to a large and attentive audience. This address was followed by a second one of value by Rev. Newcome on "The Advantages of an Education on the Farm."

Music for the occasion was furnished by the Poe orchestra, and the addresses were interspersed with well rendered recitations.

All the farmers' institutes that have been held have given much satisfaction.

Three others are yet to be held during the winter, the next one at Monroeville, Ind., Dec. 6.

LEPERS TO BE TREATED.

Honolulu, Nov. 29.—The board of health on the petition of 527 of the lepers at the Molokai settlement has agreed to permit J. Lore Wallach to attempt the treatment of twelve lepers from the settlement. This is the result of the agitation which has been carried on by Wallach and his friends for several months, during which he has persistently claimed that he can cure leprosy and has thereby aroused the hopes of the lepers themselves, who are almost all Hawaiians, and their relatives and friends outside the settlement.

TO SURVEY PACIFIC ISLANDS.

Honolulu, Nov. 29.—Articles of incorporation of the Pacific Scientific institution have been filed with the territorial treasurer. The incorporation is for the purpose of carrying out a complete ethnological and biological survey of the thousands of islands in the Pacific ocean before the progress of civilization has so modified conditions that original research and record of primitive conditions will be impossible.

Odd Fellows Attest High Regard for William Altekruze.

Odd Fellows to the number of seventy or more from Harmony lodge last evening perpetrated a complete surprise upon one of their brethren, William Altekruze, who had just been elected treasurer of the lodge and who had on Thanksgiving day reached his fiftieth birthday anniversary. When lodge adjourned Thursday night one of the members managed to detain Mr. Altekruze with business at the lodge room and others had time to hurry to his home at Fourth and North Calhoun streets. Here they were admitted and in a darkened room awaited the arrival of Mr. Altekruze. He came shortly, and when the lights were turned on revealing the presence of seventy-five of his fraternal brethren. Altekruze quickly capitulated. The Odd Fellows presented him a handsome leather chair as an evidence of their regard for him.

Earlier in the day Mrs. Altekruze had surprised her husband by assembling a large company of relatives to enjoy the Thanksgiving dinner with her husband and family.

Mrs. James Steele, well known Wash county woman, is dead at her home in Lafontaine.

John Vorhies, three miles southeast of Marion, dropped dead from heart disease on Thanksgiving day.

A booklet containing a sketch of the life of the late Mrs. J. Wilbur Chapman, wife of the evangelist, will soon be issued by Dr. Chapman.

Mrs. Melville Hight, of Peru, burned by her clothes catching fire while working near the kitchen stove, is dead from her injuries.

George P. McKee, for the past twelve years mayor of Logansport, has announced that he will be a candidate for the republican congressional nomination.

Kendallville newboys celebrated Thanksgiving with a "hare and hound" run to Avilla, a large number of the lads participating in a seven-mile jaunt afoot.

The high schools at Middlebury and Bristol will probably be commissioned. An assistant state superintendent of public instruction has just made an inspection of the schools and will recommend it.

Regardless of the "No Hunting" signs, hunters have done much damage on the farm of Mrs. E. H. Montgomery, near Bluffton. A valuable colt has been maimed, a hog shot and a portion of the fences burned.

Bert Mayfield, who was charged with having assaulted a rural mail carrier near Wolf Lake, Noble county, entered a plea of guilty before Judge Landis, in the federal court at Indianapolis. He was fined \$100, but was allowed six months in which to pay the fine.

John Kiley, of Marion, died very suddenly Thursday at Indianapolis, where he was spending Thanksgiving at his daughter's home. Mr. Kiley had been for many years a prominent Grant county citizen, was a member of the board of commissioners and was the only democratic mayor ever elected in Marion. He was stricken while walking on the street, and death was due to heart disease.

Enjoy Good Program at Avilla; A. A. Reinhardt Talks.

At a meeting of the local branch of the Catholic Knights of America, held in the opera house at Avilla Thursday, Adam A. Reinhardt, who is state vice-president, delivered an address on "Charity." Rev. John H. Bathe, V. G., pastor at Avilla, also made an address. Mr. Reinhardt will visit many of the local branches of the state, for the purpose of explaining the insurance features of the order, which has a membership of about 2,000 in Indiana. At the conclusion of the meeting, a social session and dance was enjoyed by the 200 persons who were present.

TAKES SECRET TO THE GRAVE.

Body of Suicide Buried and Mystery of Her Life Unexplained.

New York, Nov. 29.—The body of Mrs. Grace Smith was laid to rest Wednesday in the little burial ground at New Rochelle. No claim was made for her body and it was buried by Samuel K. Smith, of Baltimore, brother of the man whom Mrs. Smith murdered before she killed herself.

The mystery which surrounded this woman's life and her pretensions has not yet been solved. The few facts that have come out add to the belief that her claim that she was the real daughter and heiress of former Lieutenant Governor W. H. Bulkeley, of Hartford, Conn., was not altogether due to an insane belief, but that she had at many times used this story in attempts to defraud tradesmen.

That the woman was more or less insane there seems to be no question. But who she was and where she came from is a secret that she has probably taken to the grave with her.

GIVEN A DECIDED SETBACK.

Chinese Immigration Not Favored by New York Board of Trade.

New York, Nov. 29.—The supporters of Chinese immigration received a decided setback at the meeting of the board of trade and transportation Wednesday. A resolution was introduced deprecating harshness to all classes of Chinese, who, under the law, are allowed to enter the United States. This was passed and was followed by another resolution expressing the belief of the board that the admission of a limited number of Chinese laborers would be beneficial. This second resolution called forth many protests and caused a long and warm debate. It was finally laid on the table by an overwhelming vote.

PRESENTED WITH MASCOT.

The police department was yesterday presented with a pet coon, as a mascot, by Ed. Ryan and A. E. Appleman, of Angola. The animal, whose name is Nellie, is fat and contented looking and can be caressed like a kitten. She was raised from cubhood by the Nimrod club, of Angola. As the coppers have no place to keep the mascot, she will be added to the fire department menagerie.

J. H. McConnell, special representative for S. F. Bowser & Co., left yesterday for Iowa, on business for the company.

FARMERS TO ORGANIZE.

They Will Meet Soon to Launch Protective Society.

A meeting of the farmers of Milan and Jefferson townships, for the purpose of organizing a game and bird protective association, will be held at Fiddler's schoolhouse on December 13. They will be assisted in launching the new society by members of the Adams township association, which is the first organization in this county. Many of the farmers of Milan and Jefferson townships, have been members of the Adams township association and have been so pleased with the results obtained, that they have determined to organize one of their own. These societies are twofold in their results, they not only prevent the extermination of the game and song birds, but promotes sociability among the farmers.

CHOOSE INTELLIGENTLY

In making choice of a bank that shall become the depository of your funds and the medium for disbursing them, study well its elements of strength. Strong safes and automatic locks are incidental necessities, but it is more important that the men who manage the bank shall be strong men free from the taint of speculation and worthy of confidence. Choose a bank that seeks to prosper and makes loans carefully. These are points of merit we claim as a basis for your confidence.

A VOICE FROM THE STOMACH

A Bloodless Fight Between a Table and a Habit—The Tablet Wins.

At the age of 22, Clarence had good digestion. He had gastric juice that could dissolve doughnuts and turn appleskins into good blood corpuscles.

At the age of 24 he began to be profuse about the waist and lean back-wards. He also began to cultivate several chins. In his new-found pride he began to think his duty to gorge himself on everything, the good and the bad, for appetite feeds on appetite—and every good thing is abused.

His pictures showed that he took on weight after he put his collar on.

At the age of 26 Clarence married and went to boarding. On top of all this, he attended oyster suppers and wine dinners, which reduced the size of his collar from 16½ to 15. With still abiding faith in the strength of his stomach he gulped his meals, and chewed them afterwards.

At the age of 28 Clarence began to hear an inward voice—a warning from the stomach. After each meal, he would feel bloated—and belching became a habit.

He began to be a light eater—and a heavy thinker. He tried to think out a cure, for now he would sit down at his meals absolutely disgusted at the thought or sight of anything to eat.

He would sit down at his meals without the trace of an appetite, just because it was time to eat.

He would often feel a gnawing, unsatisfied "still-hungry" feeling in his stomach, even after he was through eating, whether his meal was well cooked or not.

And he suffered a good many other things with his stomach that he could not explain, but that made him grumpy, miserable, out-of-sorts and generally sour on everybody and everything.

Finally he read an account, something like this, about the truly wonderful results obtained from Stuart's Dyspepsia Tablets, and so on. He dyspepsia, in all cases of stomach trouble, dyspepsia and so on. He bought a 50c box at the drug store, and took the whole box. When he started, he had little faith—and less appetite. When he finished he had absolute faith—and more appetite, and more good cheer. Things began to taste different and better to him.

Now he has no more dyspepsia, no more indigestion, no more loss of appetite, brash, irritation, burning sensation, heartburn, nausea, eructations, bad memory, or loss of vim and vigor.

Remember, one ingredient of Stuart's Dyspepsia Tablets will digest for you 3,000 grains of food, just as it did for Clarence.

This relieves your stomach of the work of digesting until your stomach can get strong and healthy again. Your stomach has been overworked and abused. It's fagged out. It needs a rest.

Let Stuart's Dyspepsia Tablets do the work of your stomach. You will be surprised how fine you'll feel after eating, and how lucidly good everything will taste to you.

Heed the call of the stomach now! There's a world of good cheer in one box of Stuart's Dyspepsia Tablets,—at any drug store, 50c.

Send us your name and address to-day and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Rheumatism

I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the twisted limbs of chronic cripples, nor turn bowlegs back to feet again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.
In Germany—a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made. It was the missing link. Without it, the remedy was incomplete. I successfully treated many cases of Rheumatism; but now, at last, it cures all curable cases of this horrible, much dreaded disease. Those men and women who suffer from Rheumatism, seem to dissolve and pass away under the action of this remedy as truly as does sugar when added to pure water and then, when dissolved, these poisonous wastes truly pass from the system, and the cause of Rheumatism is gone forever. There is now no need—no actual excuse to suffer longer with this pain. We sell, and in confidence recommend

SUNDAY CLOSING IN CITIES.

In many of the large cities of the country the question of "personal" liberty is not considered to be so inseparably united to and dependent upon an extra-legal indulgence of Sunday saloon lawlessness as to excuse a wholesale violation of the statutes. This is proved by an interesting symposium in the Chicago Tribune comprising statements by the mayors or chiefs of police of half a score of the larger American cities. The Chicago Law and Order league, which is now prosecuting a most vigorous campaign for law-enforcement on Sunday, sent queries to some twenty leading cities requesting information upon the issue of Sunday closing of saloons. The subjoined replies are of uncommon interest. Of the number printed in connection herewith it will be noted that the Sunday laws are enforced in all of these cities with the single exception of San Francisco, where no Sunday closing law applies.

The responses made by some of the cities queried are here given:

BALTIMORE—Sunday law with respect to open saloons rigidly enforced here—Thomas F. Farnam, marshal of police.

OMAHA—Yes, police department acts under orders from the mayor and board of fire and commissioners in the enforcement of the Sunday closing and all other laws.—J. J. Donahue, chief of police.

SAN FRANCISCO—No law against Sunday saloons here; all have the right to do business, and they do it.—J. P. Dignan, chief of police.

SPRINGFIELD—Saloons are forced to absolutely close here on Sunday. Should they open, barkeepers are put in jail and kept without bail until the following morning. We act under state law forbidding saloons on Sunday.—C. W. Wapenstaen, chief of police.

ATLANTA—Yes, Open saloons on Sunday against state law, which is rigidly enforced here.—Henry Jennings, chief of police.

LOUISVILLE—We have a state law prohibiting saloons from being open on Sunday, which is enforced by order of board of public safety through this department.—J. J. Hume, chief of police.

PHILADELPHIA—Law against keeping saloons open on Sunday is enforced here on conviction \$1,000 license is revoked and in self-protection saloonkeepers seldom violate the law.—James J. Donohy, chief of police.

TOLSON—All liquor bars and liquor shops remain absolutely closed from 1 o'clock Saturday night until 6 o'clock the following Monday morning. There is no exception to this law.—E. C. Chatsworth, mayor.

CLEVELAND—All general orders to the Cleveland police are founded on laws of the state and ordinances of the city, and Sunday closing law no exception.—F. Koehler, chief of police.

In all of these cities personal liberty is as dear and as jealously cherished as it is in Fort Wayne. So far as we know, there is not formal proposal by any class of citizens in any of those cities to spread the propaganda of lawlessness to bring about a regime of non-enforcement of ordinances and statutes in behalf of the liquor traffic or any other business. What is possible and proper in cities like Baltimore, Philadelphia, Toronto, Cleveland and other large centers of population is equally proper and quite as possible in Fort Wayne, Fort

A PERFECTLY WELL WOMAN

Tells Suffering Sisters How She Was Cured.

Had Dizzy Spells and Would Reel and Fall.

Was Subject to Headaches, Weak, Nervous and Depressed—Dr. Williams' Pink Pills Saved Her Life.

Bright eyes, rosy cheeks, an elastic step and a good appetite should be the birthright of every American girl. Pale, sallow, languid girls and women have either inherited ill health or have disregarded some rule of right living.

But Nature is constantly striving to restore the natural, healthful condition and, with proper aid, will do so in most cases.

A Tonic for Women.

Dr. Williams' Pink Pills are a tonic especially adapted for girls and women of all ages and give just the aid required to bring back health and strength to the nervous and exhausted.

Mrs. Frank Hensell, of Augusta, Mich., says that she is a perfectly well woman and her appearance does not show that she has ever been ill in her life. But a short time ago she was an almost hopeless invalid as she tells in the following interview:

Pains in the Back.

"I was badly run down in health a few years ago," she says, "and had terrible dizzy spells. I would often stagger and reel until I dropped. The blood rushed to my head at these times, giving me raging headaches. I became weak, nervous and depressed and had aching pains in the small of the back and loins. My stomach was sour, liver torpid and the whites of my eyes and my complexion were yellow. I had a cold most all the time and coughed until my friends thought that I must have consumption."

"Sure They Saved Her Life."

"I had taken all kinds of medicines and paid doctors' bills until I was discouraged. I received no benefit from their medicine and might as well have taken so much cold water. At last I made up my mind to try Dr. Williams' Pink Pills and bought them. It was marvelous to see the great improvement in my health after I had taken the pills only a short time. I continued their use and have been a perfectly well woman ever since. I do all of my work and have no more need of medicine. I am certain Dr. Williams' Pink Pills saved my life."

Many women suffer as Mrs. Hensell did and we want all of them to know that there is a remedy suited exactly for their condition. Thousands have taken this treatment with equally good results.

A helpful book, "Plain Talks to Women," will be sent to any address upon request in a plain, sealed envelope.

Dr. Williams' Pink Pills are sold by all druggists, or direct by mail, postpaid, on receipt of price, 60 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

Wayne needs only administrative officials who will have decent regard for the oaths required under which they promise faithfully to uphold the laws with whose enforcement they solemnly are charged.

Major G. V. Menzies, of Mount Vernon, has finally decided that he will not be a candidate for the democratic gubernatorial nomination next year.

There are several others who will so decide later on. That nomination is shaping itself for Hon. Thomas R. Marshall, of the Twelfth district, and when the time comes will go to him.

No good democrat is in any sense nor by any reason barred from a try at the goal, but democrats throughout the state are fast becoming of the one mind that above all others proposed to lead the party in this state next year, Mr. Marshall unites in himself the precise elements needed to pilot the democracy to triumph. Several admirable gentlemen are or rather have been discussed in connection with the gubernatorial nomination, but Mr. Marshall is as good as the best of them in any particular and better than any of them in some others. He will make an ideal governor, a faithful servant of all the people, and to have placed such a man in the governor's chair will be joy to the democracy.

A good many curious ones have been wondering what Weston's long walk would "get him." Announcement that the sturdy old walker will go on the lecture platform at something like \$500 per week holds out some promise his performance with its fatigues and sacrifices of comfort has not been wholly in vain. And there are limitless possibilities. Weston can go out and smash his own record when his talk begins to grow stale and take fresh start on the platform.

The message of the president next week. Thirty thousand words long. No back tracking on anything, it is said by those who should know, but a more moderate suggestion as to the manner of doing things. All of which should vastly reassure certain gentlemen who fancy the president is going to molest and make afraid.

The Toledo-Fort Wayne-Chicago waterway project is beginning to enlist the serious attention of those not immediately interested. The thing is

a good thing and right behind every good thing is room for the shoulder of every booster. Just boost.

PASTOR DENOUNCES SPORTS.

Says Hunting, Football and Dancing Degrade Thanksgiving Day.

Warsaw, Ind., Nov. 29.—"These so-called sports—hunting, fishing, football and dancing—on Thanksgiving day are degrading," declared Rev. J. L. Goshort, pastor of the United Brethren church, who made the address at the union Thanksgiving service here yesterday.

"We may say that Thanksgiving day has come again with its dangers, its sorrows, its heartaches, because a year ago more than one hundred lives were sacrificed to sports. There are not in this congregation one-half enough people. Every pew in every church in the city, in every city, should be filled today. Instead there are butchers, thousands of them, running down dumb animals all over the state and the law permits it."

"NUPTIAL KNOTS POORLY TIED.

Marriages Invalid Because Greek Priest Was Not Citizen.

St. Louis, Mo., Nov. 29.—Hundreds of marriages are technically invalidated because Rev. Father Peter C. Phiambois, formerly of Boston, but now of the Greek church in this city, was not an American citizen at the time he solemnized them.

Father Phiambois applied for citizenship papers late Wednesday and it was then that he learned of his predicament as to the marriages. When the priest was asked about the matter he chiefly was concerned lest his congregation should learn of his ambition to become a citizen.

"They will hang me," he moaned. "They will turn me into the street and they will not let me be priest for them any more."

FARM LABOR IN DEMAND.

High Wages Paid to Corn Huskers in Madison County.

Anderson, Ind., Nov. 29.—The scarcity of farm labor in this county is causing the farmers, who are anxious to get their corn gathered while good weather lasts, to offer unheard of prices for huskers. As high as 5 cents per bushel has been offered men in this city the last week to husk corn in this county. The farmers are working early and late, and in some localities the women have gone to the fields to help gather the corn, just as they did in hay harvest last summer. All corn shredders in this locality are busy early and late and in a measure relieve the stringency of labor. Much corn stands in the field because the farmer could not get help to cut it up for fodder.

DENIES MIRACLE; STIRS ANGER.

London Preacher Says Story of Loaves and Fishes Was Allegorical.

London, Nov. 29.—Rev. R. J. Campbell, pastor of the City Temple, provoked angry interruptions from his congregation while preaching in the temple yesterday. He asked his hearers if they really believed the story of Christ feeding the multitude in its literal sense.

"The feeding of the multitude was not a feeding of the body, but a feeding of the soul with the bread of life," he said. "It is a beautiful symbol, but the bread is destroyed and the teaching ruined when it is sought to reduce it to a physical plane."

The clergyman was here interrupted by cries of "No!" but he asked to be allowed to continue, and his request was then granted. He then said:

"If Christ came to London He would not be received gladly by His church. He would be regarded as a revolutionary engaged in trying to upset the established order in both church and state. He would not attempt to perfect the miracle of feeding a multitude in the east and with physical food, but he would strike deep and hard at the causes which make poverty and degradation."

DREAD THE WRATH OF ALLAH.

Mohammedans Dile of Plague Because They Will Not Flea.

Lahore, Nov. 29.—It is estimated that a quarter of a million Mohammedans have died in Punjab owing to their refusal to vacate infected villages, on the ground that Mohammedans are forbidden to flee from the wrath of Allah. The principal doctors of law have now issued a decision that the Koran expressly enjoins the faithful to quit places that have been smitten by disease, and the government is disseminating unlimited quantities of the decision.

The Knights of Pythias who went to Columbus City last night were royally entertained by Crystal lodge, a banquet being served at the McDonald house. Speeches were made by Sir Knights Jacobs, Goldsmith, Sinclair and O'Hara.

Mayor Zollinger called the attention of the council last night to the cow ordinance and remarked that if it were not intended for use it should be repealed. It seems funny that the common council should queer its own action. If the ordinance was good a month or two ago it is good now.

ANDERSON INSISTED HE LOST MONEY BUT IS HELD A DAY

Lad Made Collections and
Did Not Report—The
City Court.

When Walter Anderson, of 2712 Fox avenue, was arraigned in the city court today on the charge that he collected about \$20 for Wolf & Dessauer and failed to make any return, he insisted that he had lost the money and that he had offered to make it good, but his proposition had been turned down.

He was a driver for the firm and worked half a day. Several packages on which he was to make collections were given him and he did not show up the next morning. Later he went to the store and said he offered to work for the firm and have the money taken out of his wages. In the meantime an affidavit had been filed against him charging him with petit larceny.

He said he called on his "lady friend" on South Calhoun street the night he lost the money and did not discover it was gone until he started to board a car. He also said he was scared and was afraid to go home and slept in the barn. Judge Skelton took the case under advisement until tomorrow morning and held Anderson under a bond of \$50.

The Other Cases.
Van Marliat, the Michigan lad arrested Thursday after he had robbed his father and started for Kentucky, was held. A communication has been sent to his father.

James P. Cunningham, who is alleged to have made some incriminating statements while he was drunk, was fined \$1 and costs. He is charged with having said he committed several small robberies that have occurred within the last two or three weeks. James Gordon was fined \$5 and costs for vagrancy and George Davis got the same amount for drunkenness.

GREAT PACER COMES TO INDIANA.

New York, Nov. 29.—Another great pacer has been added to Indiana's list in the sensational Article (2-6324) which was bought by Bert Whitley for his Muscle White River Stock farm at the Old Glory sale yesterday. Article was the biggest winner of the year in 1923 when she started out by winning the Chamber of Commerce stake. She was one of the most consistent winners this year, and is expected to be as good as ever next season, as she is only seven years old. The limit of her speed is not believed to have been reached.

MAYOR SHOTS HIMSELF.

Ypsilanti, Mich., Nov. 29.—Mayor John Van Porse, 50 years old, shot himself here today. No hope is entertained for his recovery. A number of years ago he was an inmate of an insane asylum for a year and of late it is said he had been fighting to ward off a recurrence of his old trouble.

MID-SEASON SALE

Opens To-Morrow Morning

ON moving into their new store, the Ely & Walker Dry Goods Co., of St. Louis, closed out every dollar's worth of Winter Merchandise rather than move it. The wholesale season does not usually close until January 1st, but as they were ready to move December 1st, they put up their enormous stocks of Winter Merchandise and closed out completely rather than delay their moving.

We felt that they would name low prices and attended this, the greatest sale of Winter Merchandise ever held. We secured bargains that will enable us to hold a record-breaking sale, and a sale so timely that you can procure your needs for the Winter at prices that would have been impossible but for this sale.

We want to crowd into this month all the business possible and must clean up this special purchase and get it out of the way for Christmas selling. To do this we are naming phenomenally low prices—prices that will undoubtedly move every particles of this merchandise in one week's time

SOCIETY

Two informal little companies of this afternoon brought out friends of the hostesses, but otherwise there was more resting than doing in a social way. Yesterday was a busy day for there were numerous family parties at dinner, besides weddings and evening parties, including the second of the Assembly dances which was largely attended in Anthony Wayne club.

The members of the Peerless-Colonial dancing club, all married people, were invited to the Assembly dance last evening and did their part towards making the affair successful. Shober's orchestra furnished music. A number of guests from out of town were present, including Miss Brownell, Peru; Miss Daw, Lansingburg, N. Y.; Miss Lyman, Chicago; Miss Dean and Miss Fitzgerald, Indianapolis; Miss Marian Sears, Mt. Holyoke, Mass.; Miss Velma Ohneck, Covington, Ky.; Miss Sisk, Elkhardt; Miss Helen Cotrell, Indianapolis, and Messrs. Charles Mayer, Indianapolis; Glenn Bulson, Jackson, Mich.; Charles Wilson, Chicago; George Osterhaus, Detroit; N. N. Fisher, Boston; Joseph Bursley, Ann Arbor.

Mrs. Frank Cuthall, of West Wayne street, gave an informal tea from 4 to 6 o'clock this afternoon in honor of her sister, Miss Winifred Dean, and Miss Fitzgerald, of Indianapolis. The rooms had an artistic decoration of yellow chrysanthemums. Mrs. T. E. Ellison and Miss Layon Sperry received with Mrs. Cuthall and the honor guests. Miss Nell Ellison ushered callers to the dining-room, where Mrs. O. W. Gindlin and Mrs. C. S. Sperry presided at the table and Miss Florence Lang and Miss Alice Worden assisted in serving.

Miss Ethel Doud was at home informally from 2 to 5 o'clock this afternoon for Miss Alice Law, of Toledo, who is the guest of the Misses Doud. Pink carnations added fragrance and beauty to the rooms. Miss Myrtle Carter and Miss Ethel Doud assisted Mrs. W. E. Doud in serving refreshments.

Mr. and Mrs. F. W. Freese entertained the members of the W. D. K. Pedro club yesterday in their new home, corner of Wayne and Fulton streets. Incidentally Mr. and Mrs. Freese celebrated the twenty-fourth anniversary of their wedding. The ladies of the club assisted in furnishing the dinner and at half-past 5 o'clock the guests sat down to a Thanksgiving menu that everyone thought would put an end to hunger until breakfast time today. But after an evening at cards in which prize winners were Mr. and Mrs. C. P. Porter, Mrs. T. E. Bailey and C. M. Mills, refreshments of ice cream and its accompaniments were served and disposed of. The dinner tables were decorated with pink and white chrysanthemums and carnations. There were present Messrs. and Mesdames J. F. Conway, C. M. Mills, C. F. Porter, George Miller, Dale B. Elliott, George Miller, Frank Busse, T. E. Bailey, and Mr. and Mrs. A. C. Freese, of Rochester, Ind., and Miss Rohleder, of St. Louis. Betzler-Klein.
The wedding of a former Fort Wayne young man, Mr. John G. Betzler, took place on Thanksgiving day, and the following account published in The South Bend Times, will be interesting to the many friends of the groom in this city:

"In the presence of many relatives and scores of friends Mr. John G. Betzler, a well known young business man of this city, was today united in the bonds of holy wedlock to Miss Christina R. Klein. The ceremony was performed in St. Joseph's Catholic church at 9 o'clock this forenoon by the rector, Rev. L. A. Moench.

"The couple entered the house of worship to the strains of the Lohengrin wedding march, the same being executed on the pipe organ by Prof. A. G. Hoerstmann, the latter playing the Mendelssohn march at the close of the nuptial mass. The bride was attired in white tulle over white tulle, trimmed with insertion, valencien lace and baby Irish embroidery.

ery. She presented a handsome appearance and wore also a veil fastened with roses and carnations and carried a shower bouquet of white bridal roses. Her maid of honor, Miss Anna Klein, wore a charmingly designed gown of French lawn, trimmed in Mechlin lace and insertion. She wore a white velvet hat, trimmed in white plumes, and carried a bouquet of pink roses. The bridesmaids were the Misses Edith Tremel and Edith Ernst. The former's pretty gown of French lawn was trimmed with all-over lace. She wore a white hat and carried a bouquet of pink roses. Miss Ernst appeared in a stylish costume of French lawn, the trimmings being valencien lace and baby Irish lace. She also wore a white hat with plumes and carried pink roses.

"The groom was attended by Mr. Dan C. Falvy, Jr., of Fort Wayne, and the ushers on the occasion were Messrs. Charles Genser, cousin to the groom, and Carl Lenhardt, both of this city. During the nuptial mass music was supplied by the church organ and orchestral accompaniment.

"Following the church service came the wedding breakfast at the home of the bride's parents, Mr. and Mrs. Stephen Klein, No. 702 East Third street. The decorations there were pink, white and green—flowers and ferns and palms. About a half hundred relatives and very intimate friends enjoyed the elegant menu at the Klein home.

"Mr. Betzler and his charming bride will leave this evening for a ten days' wedding trip to Fort Wayne and other points and they will be at home after December 5 at No. 702 East Third street. Among the guests here Geo. A. Betzler, father of the groom; Dan C. Falvy, Louis Schermyer and Mrs. Frank Kleinrichert, of Fort Wayne.

"The bride is one of the attractive and estimable young ladies of Mishawaka, being the daughter of Mr. and Mrs. Stephen Klein, for scores of years residents in this locality. She had been engaged for a number of years in the office of the Dodge manufacturing company and there won the esteem of her employers and the friendship of all associates for her commendable traits. The groom came to this city a few years ago from Fort Wayne, and purchased the May confectionery and is now on East Second street. He is a young man of pleasant address, is genial, belongs to the Knights of Columbus and other organizations and already has demonstrated that he will be one of the reliable and enterprising merchants of the Mishawaka business circle. Both have hosts of friends in this city and in Fort Wayne, who will on this occasion extend congratulations and who are earnest in their hope that the future career of the popular and deserving young couple will be free from the shadows of life and that happiness and contentment may ever be their lot as they traverse the pathway of earth."

MISS ELYVN WON PRAISES ABROAD

While in one's own country an artist is sometimes unduly praised, that is rarely true with critics of foreign cities, who naturally feel their greatest interests in their own countrymen. So when one reads the praises accorded Miss Myrtle Elvyn, who is to give a piano recital at the Majestic theater on next Tuesday evening, it is with a certainty that here is an artist who merits the recognition accorded her talents. Here are some of the compliments bestowed on the young player in Berlin by Otto Lessmann, critic for the Allgemeine Musikzeitung:

"Myrtle Elvyn, a young American, is an outspoken piano talent, of whom big things are certainly to be expected. Technically the young lady is very far advanced; her octave playing and the power and tenderness of her touch are laudable. Miss Elvyn further enjoys great superiority in that her playing is unperverted in expression, free from imitation of any false peculiarity, and of great symbolic meaning. This natural element, unflinched by outer forces, will be a good soul in which to foster her awakening soul life."

President Roosevelt, Wall Street and the Country

Every American, whether he is a capitalist, a salaried man or a wage earner, should read this most timely and powerful article by Seno S. Pratt. It reveals actual facts! Preceding this is a reliable statement of Roosevelt's attitude by the well-known journalist, Lindsay Denison, entitled "Where the President Stands"—written as the result of careful investigation and the author's unusually favorable opportunities to learn the President's views from those most intimate with him and his administration in Washington. Not to read these articles will mean to be out of touch with the most-talked-of magazine feature of the closing year.

Exiles from Broadway, by Vance Thompson, is in this popular, author's happiest vein and fairly bubbles over with Christmas spirit. It describes the yule-tide festivities of American sojourners in Paris, reviewing and illustrating, from photographs, the Parisian pleasures and pastimes of the Christmas season.

PENN WARRIORS TRIM UP MOLESKIN HUSKIES OF CORNELL

In Spite of Heavy Penalties
the Cornell Goal Line is
Twice Crossed.

Philadelphia, Pa., Nov. 29.—History repeated itself on Franklin Field yesterday afternoon. Pennsylvania again winning the annual football game, 14th Cornell, the score this year being 12 to 0. It was Pennsylvania's thirteenth victory in fifteen games, and Cornell's fourth. The New York state team having won one contest and lost one.

The game was played, bringing out many spectacular features which were greatly enjoyed by the nearly 30,000 people who filled the grandstands. The fall of confidence in Cornell that her supporters turned the tide of betting in her favor.

But the teams were not on the field five minutes until it was seen that Pennsylvania, baring accidents and fukes of the game to win, was not going to want at Cornell hammer and tongs from the jump, and all during the first half the Quakers were penalized seventy-five yards, and held Cornell to one yard down in this half, and yet, owing to her holding penalties, was able to make but one touchdown.

Cornell Makes Brace.
Conditions were practically reversed in the second half, although Pennsylvania made another touchdown to a field goal by Cornell. In this half the Quakers seemed to give Cornell several times, but the Pennsylvania line was too strong, and after getting it close enough to the goal line, changed their style of play and held the Cornell line for their first touchdown.

In the second half Cornell did most of the forward passing, but the play did not bring the substantial results that it did to Pennsylvania. The Quakers' second touchdown was the result of a Cornell forward pass being blocked.

The ball was on Pennsylvania's fifty-yard line and Scieles for Pennsylvania intercepted the pass. Draper was on the ball in a flash and with a clear field ran sixty yards to the goal line. Cornell's field goal came late in the second half. Cornell cut the ball in the middle and worked it to the end line, where, unable to make further headway, Caldwell, who had replaced Van Orman, dropped back to place the ball and kicked goal at a difficult angle.

There was little roughness observed and few men were injured through injuries. Van Orman was carried off the field in a semi-conscious condition, but recovered after reaching the dressing room. The weather was ideal.

HARD FOR NOTRE DAME.
St. Vincent Eleven Loses Only After a
Fierce Contest By 21 to 12.

Chicago, Ill., Nov. 28.—St. Vincent sprung somewhat of a surprise yesterday afternoon, holding the Indiana down to the score of 21 to 12. Although the Indiana college team gave a splendid account of themselves, having the lead at one time. The star of the fray was Eugene, the little fair-haired quarter back of the St. Vincents. He got away for long runs several times, one of them being seventy-five yards through a crowd of players. He also handled his team in first-class shape.

The visitors outweighed the St. Vincents many pounds to the man, but could not seem to make much of an impression on the line. Callender and Donald, the two Notre Dame half backs, did some fierce line plunging, and during the second half the latter made several long runs, one of which resulted in a touchdown. He overcame played during a small part of the engagement and his brother, Ed, did not compete at all. But despite this handicap, the St. Vincents fully came up to expectations. Notre Dame played splendidly at times and was a game absolutely free of the game did they show variety form.

There were no penalties for rough work, both teams being ruled clean. A full-sized crowd watched the proceedings, many coming up from Notre Dame.

FREE FOOTBALL SEEN BY 20,000.
Great Crowd of Pittsburghers Turn Out to
Indorse the Carnegie Idea.

Pittsburgh, Pa., Nov. 29.—Andrew Carnegie's idea of free football for the masses seemed to strike a popular chord in the Pittsburgh crowd yesterday, as 20,000 people saw the Carnegie Technical school team play Lehigh university on Schenley oval. It was a game absolutely free to the people, the expenses of the visiting team being paid by the sale of programs which had been prepared by the Carnegie Technical students themselves.

The crowd was by far the largest that ever witnessed a sporting event in western Pennsylvania, and almost twice as many as ever saw a football game here. It was made a society event, and the pure society attended in autos, carriages, or on foot.

The management of the Carnegie school of technology, and the Carnegie Trust, announced that it would make free football an annual affair, at least one free game with a full college team, and the Carnegie Trust to have all games free if possible.

Lehigh won the game with ease, the final score being 21 to 0. Lehigh out-weighted Carnegie Tech, and at no time was its goal to be reached. The Carnegie team, and their friends in forty automobiles paraded the streets of Pittsburgh, cheering wildly.

SPRINGFIELD IS STILL SORE OVER LOSS OF TEAM

Village Would Not Support
Base Ball and Now It
Wants Trouble.

Over at the village of Springfield, located somewhere near or in the suburbs of Dayton, Ohio, the sore spot caused by the transfer of the ball team to a live town where it's a clutch the players' refusal to be forced to accept a championship ball to a throng of sixty souls, refuses to heal and the sporting writers find great pleasure in trying to make trouble for Claude Varnell and Jack Hendricks because they can not look upon the national pastime as simply a means of preserving health and are unreasonable enough to want to see the color of a dollar profit now and then.

Now it's independent ball with King Kelly at the helm. Of course Kelly and the players who are with him, are just looking for exercise and if anybody would suggest they are promoted by "perish the thought." Independent ball among a lot of fans who would not pay to see professional ball with a crowd of men who would want salaries at least as big and probably bigger than they could command in the Central league is an attractive proposition. This is the last dream from the village.

Now it's the famous pinch hitter of the Bales, insists that he intends to remain here next season and look after his business interests. If Springfield does will place a berth in some league he will place an independent team in the field. He has already secured a number of players and has promised to remain here.

The list is as follows: Clark, catcher; Hammond and Mervyn, pitchers; Miller, first base; George, second base; Fish, shortstop; Kelly, third base; Delden, right field; Hillbrand, center; and James Miller, left field.

"Manager Hendricks of the Fort Wayne club and his guardian angel, Claude Varnell, first knew of the Springfield club when they anticipated in securing the signatures of some of the Bales to contracts. Mervyn, the pitcher, was the first to be secured, and he received last year. Hammond and Clark asked for a little advance money recently and were informed that owing to the stringency of the money market, no Christmas coin would be forthcoming this year.

Last winter Clark asked for advance money saying that he would not go to his home in Boston and save the club. Hendricks implored him to sign a contract, assuring him that he would not lose the money out of his own pocket if the club owners declined. Clark signed. Hendricks returned to Chicago and signed a contract with the Springfield club, and he wrote that the club owned back to him the money that he had given Clark and that Clark need not think him any fool enough to take the money out of his own pocket. He is not going to be caught napping this time.

OSTDIEK FOR MAJORS.

Old Fort Wayne Player Will Try Out
With Boston.
Harry Ostdiek, former catcher on Bude Myers' championship Fort Wayne team, may have more trouble than he anticipates in securing the signatures of some of the Bales to contracts. Mervyn, the pitcher, was the first to be secured, and he received last year. Hammond and Clark asked for a little advance money recently and were informed that owing to the stringency of the money market, no Christmas coin would be forthcoming this year.

SULLIVAN MAKES A GAME FIGHT BUT KAUFMAN IS VICTOR

Kaufman Could Not Deliver
Knockout After Trim-
ming His Man.

Colma, Cal., Nov. 29.—Al Kaufman of this city, was awarded the decision over Jack (Twin) Sullivan at the end of their twenty-five round contest here yesterday afternoon. The decision was clear cut. The fight up to the tenth round was practically an even affair. After that, however, Kaufman forced to the front and was never in danger again. Sullivan did his best work in the early rounds and for a time it looked as if he might win.

It was a give and take affair up to the tenth, with Sullivan having the better of it. In the sixteenth round Kaufman out-locked. He forced Sullivan from one end of the ring to the other, landing almost at will with lefts and rights to the jaw. He tried to put Sullivan out and in doing so weakened himself. He showed that he lacked that one requisite—a knockout punch.

From the sixteenth on one round was a repetition of the other. Sullivan showed great gameness throughout the balance of the fight. In almost every one of the later rounds it seemed certain he must go to the mat from the grueling shower of right and left swings to the jaw, but he always stood the scratch, although apparently in great distress. Sullivan stalled continually to save himself from punishment. Kaufman the aggressor attacked to Sullivan's stomach and during the last few rounds put in several vicious punches, any one of which would have been enough to put out an ordinary man.

The fight, so far as Kaufman was concerned, was a great disappointment to the spectators, inasmuch as it developed the fact the California does not by far display the championship skill which he has been credited.

After the fight Sullivan claimed he had lost with his right hand and the sixth round, but it was not apparent to the spectators. Kaufman was the aggressor throughout the fight, although Sullivan was all but a few rounds. The decision was considered a just one, although it was displeasing to some of the spectators who expected Kaufman to score a knockout.

RING BOUTS AT PHILADELPHIA.
Loughrey Beats Tommy Murphy and
Grover Hayes.

Philadelphia, Pa., Nov. 29.—Young Loughrey of Mayaguez furnished a sensation for boxing followers at the National Athletic club yesterday afternoon, when he gained the honors of the win with Tommy Murphy and Grover Hayes. Murphy lacked his usual snap, and it was apparent he had not recovered his strength after his bout with Bert Hayes of New York Wednesday night.

Percy Cove, of Seattle, Wash., and Joe Theed were the first met in the ring with the latter winning. Theed had things pretty much his own way in the first two rounds, but Cove gradually overpowered him and had all the better of the round. They took turns in forcing it in the sixth. Theed came back with a right swing on the jaw. Kipatrik forced the fighting in the second round and drew blood from Hayes' nose, but Grover more than held his own in the mixup. The third was filled with fast work. Kipatrik playing hard swings to the local lad's face. Hayes was on the aggressive, and while Kipatrik protected his face neatly, some of Grover's swings landed and hurt. Hayes gave a wonderful display of fighting in each of the last two rounds and had Kipatrik tired at each bell.

HOWATT STILL AFTER M'FARLAND.
Chicago, Ill., Nov. 29.—Through his manager, Jack Curley, Tommy Howatt posted a forfeit of \$1,000 in support of a challenge to all lightweight champions, but only Tommy aimed at Frankie McFarland. Howatt is mad clean through and is willing to fight McFarland on a winner take all basis and let the \$1,000 go as a side bet. Howatt takes exception to McFarland's claim to the title of stockyards champion. Not even the Gang can include the stockyards with Howatt's sanction.

DEFENSE RESTS IN
THE BRADLEY TRIAL

(Continued from Page One.)

sanity. Such insanity, he said, does not last only a day or two, but continues from several weeks to several months.

The conditions under which Mrs. Bradley testified to having an illegal operation performed in 1901 on a Saturday and then being out on the following Monday indicated that if she had a seizure at all at the time the attack was extremely light.

No hereditary reason for insanity. The family history of the defendant, showing insanity, was called to the attention of the witness. He said the history of the defendant was not sufficient to show that she was especially liable to insanity. She could not inherit insanity, he declared, but merely inherit unstable and nervous physical organization, which makes her more liable to become insane.

Dr. Smith Ely Jelliffe, an alienist, of New York, was called to the stand. Counsel for the government read the hypothetical question to the witness and at its conclusion Dr. Jelliffe said that assuming the facts stated to be true, he believed Mrs. Bradley was sane when she shot Senator Brown. "There are no evidences that she was insane, either direct or implied," said Dr. Jelliffe. "On the contrary there are abundant signs that she was rational and coherent throughout the whole period covered about the time of the act. There were no signs of loss of memory, but there were abundant signs that she knew what she had done."

Witness believed she knew the nature of her act and knew right from wrong. He said there was no evidence in the case to show any continuous form of mental disease in Mrs. Bradley from any date whatever, and that there was no mental impairment much as would constitute insanity.

Scouts Puerperal Insanity. Regarding the history of this case, were there any evidences of puerperal insanity?" asked the district attorney.

"There is absolutely no evidence of puerperal insanity," Dr. Jelliffe declared.

Coming to the subject of toxic insanity Dr. Jelliffe said there are a whole group of insanity very much alike and which differ from other insanity to which we can give the name of toxic insanity and one can tell with in certain limits that they are due to certain causes which bring them about, but they all look very much more alike each other than they look like anything else.

Dr. Jelliffe then emphatically stated that in his opinion Mrs. Bradley did not have toxic insanity when she shot Senator Brown.

INSTALLING MACHINERY.

Pennsylvania Makes Some Needed Additions to Shop Equipment.

The Pennsylvania company is having installed some needed machinery in its shops in this city. One machine is a four-spindle drill made by the Fote-Burke Manufacturing company, which will be used in drilling flue sheets and mud rings, and another machine is a twenty-inch lathe in the machine shop; also a small bolt lathe, which is badly needed to do work for which it is specially adapted.

BIG EQUIPMENT TRUST.

of \$30,000,000.

Announcement is made that the New York Central & Hudson River, the Lake Shore & Michigan Southern, the Michigan Central, the Big Four, and the Chicago, Indiana & Southern, all New York Central lines, have jointly executed a lease agreement with the Guaranty Trust company, of New York, as trustee, covering an equipment trust entitled "the New York

Central Lines equipment trust of 1907." The lease is dated November 1, 1907, and covers equipment which has already been delivered or is about to be delivered to the railroad companies, including 11,695 engines, passenger cars and freight cars of various descriptions. The larger part of the equipment is for the New York Central and the Lake Shore.

The total amount of equipment trust certificates to be issued is \$30,000,000, representing 90 per cent of the cost of equipment transferred to the trustee under the agreement. The certificates bear interest at the rate of 5 per cent per annum, payable semi-annually on May 1 and November 1. One-fifteenth of the certificates are to be retired on November 1 of each year, beginning with November 1, 1908, so that the life of the trust will be fifteen years. It is provided that the railroad companies shall pay the cost of administration of the trust, taxes, assessments, licenses, etc. In case the railroad companies shall make default in payment of any part of the rentals for more than 90 days, the trust, at its option, and on request of holders of a majority in amount of trust certificates then outstanding shall declare the principal of all of the outstanding certificates due and payable and take possession of the equipment and sell it at public or private sale, for cash or upon credit, in its discretion. The trustee may also, for all purposes, conclusively assume that the railroad companies are not in default until notified in writing to the contrary by holders of at least one-quarter in amount of the certificates then outstanding, which notice shall distinctly specify the default desired to be brought to the attention of the trustee.

Although the equipment trust provides for an ultimate issue of \$30,000,000 certificates, the immediate issue of certificates, covering the equipment mentioned above, is for only \$20,337,000.

Although it is not officially announced, it is understood that the new equipment trust certificates have been sold to a prominent New York banking house.

ENTERTAINING FELLOW SHOPMEN.

Foreman J. B. Wagner is Host to Planning Mills Employees.

John B. Wagner, foreman of the factory of Rhinesmith & Simonson, was host at a big stag party at his home, 2712 South Harrison street, Wednesday night. The guests, about fifty in number, were employees at the factory and planning mills, where Mr. Wagner has charge of affairs, and they enjoyed the gathering as they never enjoyed a similar event before. As a reminder of the party and the kindly feelings entertained by the "boys" for their foreman, Mr. Wagner has one of the finest library tables the market could produce. The presentation of the table was a surprise to the host and was one of the pleasant features of the evening.

WILL RESUME WORK MONDAY.

Affairs at Kerr Murray Shop Indicate an Improvement.

The Kerr Murray Manufacturing company will resume operations in all of the departments of its works on Calhoun street next Monday. The shop was closed a week ago because of the stringency in the money, but that difficulty is fast being adjusted.

CELEBRATE GOLDEN WEDDING

MR. AND MRS. EMANUEL BITTSBERGER.

Well Known Residents Who Celebrated Their Golden Wedding Thursday.

CELEBRATE GOLDEN WEDDING.

Ex-Conductor Bittsberger and Wife Have Family Reunion.

Mr. and Mrs. Emanuel Bittsberger, of 416 Wallace street, celebrated their golden wedding yesterday, assisted by their children and grandchildren, and the affair proved one of the most happy of the many Thanksgiving events in the city. Besides the aged couple, there was gathered about the table at the dinner hour their two sons, a daughter and five grandchildren, the personnel of the party being Mr. and Mrs. William Bittsberger, Mr. and Mrs. J. L. McKee and their children and Engineer Hallie E. Bittsberger. Mr. and Mrs. W. H. Groat and Chester Groat, who are also members of the family, were away from home and could not get back in time to attend the gathering. Mr. and Mrs. Bittsberger were married at Painesville, Lakeland county, Ohio, November 28, 1857, the lady's maiden name being Miss Sarah Anna Carney. They moved to Fort Wayne in 1865, and soon afterwards Mr. Bittsberger took a position as brakeman on the Pennsylvania road, remaining there two years, when he resigned and took a position in a similar capacity with the Wabash. In 1870 he took a position on the C. & I. and became a conductor soon afterwards, having a run for seventeen years between this city and Kalamazoo. He retired from railroad work about fourteen years ago, on account of failing health, and has since lived a retired life, though there has been an improvement in his condition and today he is a stout, hearty man for his age. Mr. Bittsberger is a veteran of the war of the rebellion, having served in the Eighty-eighth Ohio regiment.

IS A MAN TODAY.

Joseph C. Grosjean, always a manly fellow, is a man today in every sense of the word. He is twenty-one years old today and his arrival at the point of majority is being celebrated in a quiet way at the shops where he is employed. He is the time clerk at the Fort Wayne Electric works, a responsible position he has occupied two or three years. He began work in the capacity of a clerk in the Meyer Bros.' drug store, but soon resigned to take a clerical position at the Electric works and is now in his sixth year there. Joe passed out cigars to the "boys" today in honor of the anniversary.

Carl Woodworth, of the Wabash shops, is sick and off duty today. The lamp department at the Electric works, over which John J. Bauer presides, will be operated upon an eight-hour work day schedule for a short time, owing to some delay in getting material and possibly also to the temporary decrease in the demand for lamps.

POWDER MILL MACHINERY.

The Bass boiler shop has just completed and will ship today or tomorrow some steel bins and other parts of a powder manufacturing plant to Barksdale, Wis. The consignment is made to the DuPont Powder company, which is putting in a manufacturing plant at that place.

WORKED THANKSGIVING DAY.

A good portion of the force at the Rolling Mills worked yesterday. It costs considerable to allow furnaces to cool off and then relight the fires and the management of the Mills, after consulting some of the leading employees, concluded to run the furnaces yesterday.

GONE TO FATHER'S FUNERAL.

Mr. and Mrs. Charles Todd left this morning for Deerfield, Ill., where they will attend the funeral of Mr. Todd's father tomorrow. Notice of the death of the aged man was made in these columns yesterday. Charles Todd is an operator and has a day trick in the Wabash offices in this city.

INDUSTRIAL NOTES.

L. L. Wagner, of the Wabash freight offices, spent the holiday with his parents at Findlay.

C. G. Epple, of the Pennsylvania boiler shop, went to Chicago yesterday to spend a few days with friends. Philip Beltz, acting night yardmaster of the Wabash, is taking a lay off on account of the wedding of his sister.

Foreman Joseph Slater, of the Bass blacksmith shop, is in Muskegon, Mich., looking after some business connected with the department he represents.

Joshua Titon, who had been sick a week, resumed work at the Bass machine shop this morning.

Thomas A. Ferguson, who had been spending a few days with his wife and his parents, left for Allegheny at noon today. Mrs. Ferguson remained here. She has been in poor health for several weeks.

C. W. Cook, of the Pennsylvania machine shop, who resides on LaSalle street, mourns the death of his pet dog, a ratterrie, who was poisoned a few days ago.

Foreman J. R. Kretsinger, of the Pennsylvania planing mills, and his wife are entertaining Mrs. David Kretsinger and two daughters, of Marion, Ind.

Harry Finney was the guest of his parents in this city yesterday, returning to Pittsburgh today. The young man is inspecting new locomotive work at the American Locomotive plant for the Pennsylvania company. The following Pennsylvania shopmen are off duty on account of sickness: J. L. Gronau, Dennis Collins, C. W. Roemer, C. H. Becker, E. F. Schwartz, W. E. Hickey and J. A. Chapman. C. M. Vaughn, of the tank shop, is off duty on account of the sickness of his child.

Confer—Reed.

Miss Lena G. Reed, of Allen county and Mr. William H. Confer, of Wells county were married at noon on Wednesday in the parsonage of the Wayne Street M. E. church, by Rev. Dr. Frank Long, pastor of that church. A sister of the bride, Mrs. Woods and the minister's daughter, Miss Lanna Long, were the only witnesses of the marriage. The young people left at once for Mr. Confer's father's farm near Ossian, where they will make their future home.

A Country Party.

Mrs. Charles Bauer, of the city, entertained a "bus party" of friends at the home of Mr. and Mrs. Frank Mayo, near Robinson park, on Wednesday evening. A pleasant time was enjoyed by Mr. and Mrs. Smith, Mr. and Mrs. Brockman, Mrs. Charles Seipel, Miss Agnes and Miss Alice Bauer, Miss Clara Troutman, Miss Bessie Griffith, Miss Blanche and Miss Della Kerns, Miss Ada Waters, Miss Edith and Miss Mary Mayo, Mr. and Mrs. Frank Mayo, Charles Bauer, Herbert Tons, Andrew Gerhart, Charles Lerch, Roy Shepler, Edward Hansen, Charles Mooney, Al Otto, Alpha and Floyd Kerns, Clarence Martin, Charles Stellhorn, Andrew Bobay, Charles Mayo, Clifton Strong, Oliver Archer, H. INJUNCTION IS DISSOLVED.

Kansas City Theaters Will Have to Close on Sunday.

Kansas City, Mo., Nov. 20.—Judge Smith McPherson, of Red Oak, Iowa, in the United States circuit court here today handed down a decision dissolving the injunction recently granted to local theatrical managers prohibiting county officials from closing the theaters on Sunday.

Judge McPherson asserts that he has no jurisdiction. The decision is a far-reaching one in that it practically seals the fate of all Sunday amusements in Kansas City.

MR. BRYAN HANDED IT OVER.

Gift of His Late Friend Bennett Presented to New Haven.

New Haven, Conn., Nov. 20.—A marble fountain bearing the simple inscription, "Philo Sherman Bennett gave this to the city," and erected on the green very close by the old pump, a town landmark, was dedicated today and handed over to the custody of the city. The gift was provided for in the will of Mr. Bennett, who was a New York merchant, but a life-long resident here, and whose will was administered by William Jennings Bryan as a close friend. Mr. Bryan presented the fountain to the city during the exercises on the green. Mayor John D. Stedley receiving the gift in behalf of the city.

Mr. Bryan came here from New York on a morning train. This evening Mr. Bryan will hold a reception at a banquet at which he will speak on "The Point of View." Many of the most prominent democrats in New England have come here to see Mr. Bryan.

WILL SEND LAD HOME.

Chief of Police Ankenbruck will send Van Marlett, the boy who ran away from Harbor Beach, Mich., back to his parents. He will purchase a ticket and send the remainder of the money the lad took from his father back to the owner. The lad is unwilling to go, but will change his mind as he will be started from here with nothing but his ticket.

FORT WAYNE PEOPLE

With Chronic Coughs Need Vinol—It Stops the Cough and Cures the Cause.

This is the reason for coughs and colds, and Fort Wayne people should know the best means for a cure. They should take Vinol, the real cod liver preparation without oil. It does not upset the stomach like cough syrups, and it is much more effective. Vinol is not a palliative but a curative.

This is because Vinol contains in a highly concentrated form all of the healing, strength creating and medicinal elements of cod liver oil actually taken from fresh cods' livers, with all the useless, nauseating oil eliminated and tonic iron added. It tastes fine, and cannot upset the weakest stomach, hence its wonderful power to cure.

Every person in Fort Wayne who has a chronic cough or hard cold should try Vinol. Meyer Bros. Co., Druggists, Three Big Stores, Fort Wayne, Ind.

Francis Biemer, treasurer of the Majestic theater, left today on a business trip to the western part of the state.

M. J. Blitz left this morning for Indianapolis to attend a meeting of the Shriners, of which he is a member.

Albert Luley, a clerk at Shields' Clothing company, is off duty on account of illness.

Herbert Steiner left this morning for Bluffton on business.

Fred Starr, of the Fort Wayne Electric works, and E. A. Crane, of the Patterson-Fletcher company, spent Thanksgiving in Ligonier, the guests of Mr. Starr's parents.

The Woman of Fashion

Intimates the good corset. She seems to have given her corset the attention that results in assisting the dressmaker to make all possible out of her form. In the Redfern models are styles to suit all kinds of forms, and they will all give the latest figure contour if the proper corset is selected.

Our saleswomen know the right styles for all figures. There are too many lines and curves to be accentuated in a woman's form to be becomingly dressed to ignore the kind of corset worn, and our advice is to be fitted by a fitter, whose business it is to know the style for each figure.

We have the right model for every form in the Redfern, the corset a la mode, fitted with the satisfactory "Security" Rubber Button Hose Supporters.

Have You

A BORN STEEL RANGE in your kitchen? If you are worrying along without one, change at once. Life is too short to admit of any trouble in the kitchen. We know and can prove that BORN RANGES surpass all others in baking, broiling, in roasting or in boiling, as well as being more durable, convenient and economical in the use of fuel. They are made in enough sizes to meet any requirement of the smallest family or the largest hotel or institution. We carry six styles in stock at all times and will be pleased to explain their merits when you call.
